

Eligible Victorian Border Towns

The towns listed in the following pages are considered Victorian border communities.

Candidates who permanently reside in these towns will be eligible to apply to the Victorian GNMP Match, if they intend to work in a Victorian Health Service. These candidates can indicate they are Priority Group 1, which will be verified by PMCV. Evidence of resident's permanent home location may be requested.

Candidates living in interstate locations not residing in these towns, will be able to apply to the Victorian GNMP Match as Priority 2 candidates.

Interstate candidates applying within their own State must wait until after they receive these outcomes their State's Match. If unsuccessful in their home State, candidates can apply directly to Victorian Health Services, once all the Victorian Match processes are complete.
