

2026 PMCV GNMP Interview Questions

General

1.1 What do you anticipate being the biggest challenge for you during your graduate transition program, and how do you plan to overcome it?

1.2 Can you recall a specific time when you received feedback about your clinical practice that helped you grow? What was the feedback, and how did you implement it?

1.3 Tell us about a time when you worked with a multidisciplinary team. What role did you play, and how did the team work together to achieve the best outcomes for the patient?

1.4 Most health services are guided by core values. What is one value that you feel most strongly relates to your approach to patient care, and how do you demonstrate this in your daily practice?

Behavioural & Soft Skills

2.1 Describe a time when you faced a communication challenge with a patient, family member, or colleague. How did you resolve it, and what did you learn?

2.2 Working in healthcare requires effective teamwork. Share an experience where you worked with a team to resolve a complex situation. What role did you take, and how did team dynamics support the outcome?

2.3 Provide an example where you advocated for a patient's needs or preferences. What actions did you take and why?

2.4 How do you demonstrate professional conduct in your daily practice?

Final Reflections & Future Development

5.1 As a new graduate, what area of practice are you most excited to further develop, and why?

5.2 What strategies will you use to continue learning and developing professionally in your career?

5.3 How will you seek and utilise feedback on your performance during your graduate year?
